### SHAREHOLDER ASSISTANCE TO REQUEST AUD\$ CHECKS

**Zebit, Inc.** (“Zebit” or the “Company”), a mission-focused eCommerce company committed to changing the lives of US credit-challenged consumers, implemented a reverse common stock split of 1:2500 on October 5, 2022 based on the shareholder resolution passing from the October 5, 2022 Special Shareholder Meeting. It has come to Zebit’s attention that several Australian banks, including CommBank as recently as October 10, 2022, no longer accepts foreign cheques. Checks were mailed to impacted shareholders whose shares were not perfectly divisible by 2,500.

There are several banks and places to cash USD\$ checks in Australia. Examples are listed below.

If a shareholder cannot cash their check, please email [IR@zebit.com](mailto:IR@zebit.com) or me directly and I will send you the required paperwork needed to cancel the USD\$ check and get an AUD\$ check issued from Computershare USA. There is a small fee of \$15 to have this reissued, which was originally \$35 before Zebit's subsidy. The amount will be taken out of the new check proceeds. While a wire is possible, the fee to do so is extraordinarily high, so Zebit does not recommend pursuing that route.

Sincerely,  
Marc Schneider  
CEO
